

Barr Lake and Milton Reservoir Watershed Association

Save the Date
BMW Watershed Tour
Tuesday, June 28th 9:30 – 1:30

Come join your fellow BMW Stakeholders on an informative tour of the northeastern part of the BMW watershed. We'll meet at Barr Lake State Park, tour the East Cherry Creek Valley Water and Sanitation District plant, and enjoy some delicious BBQ at the Pelican Lake Ranch facilities on Milton Reservoir. We plan to tour ECCV's Reverse Osmosis Water Treatment plant that is partially fed by Barr Lake Water. Exciting stuff for water nerds. Please Save the Date for June 28th from 9:30 to 1:30 and feel encouraged to RSVP to amy.conklin@comcast.net if you want to reserve your spot.

Welcome to the quarterly newsletter of the Barr Lake and Milton Reservoir Watershed (BMW) Association assembled by the BMW Information and Education Committee. The mission of the Committee is to reach out to all people in the watershed and provide water quality information important to the health of Barr Lake and Milton Reservoir.
