New Joint Membership Deal for 2017!

2017 CLRMA/NALMS Joint Membership – Join both CLRMA and NALMS for \$75 for 2017. This one-time offer will get you a normal 1-yr CLRMA membership and also a NALMS Lake Leader membership. By joining NALMS in 2017, you will also get a membership discount when you sign up for the 2017 International NALMS Symposium that will be in Denver. If you already have a multi-year, CLRMA membership, then CLRMA will extend it by a year so you can also get the great deal. Membership forms will be mailed out in early January, or you can join by going to www.clrma.org.

Next Host Committee Meeting – CLRMA is the Host Committee for the NALMS conference in 2017. We will be having a conference call on January 4th to hear from the various sub-committees. If you are interested in helping out or want to hear what has been planned so far, contact Steve Lundt (slundt@mwr.dst.co.us) or Jean Marie Boyer (Boyer@Hydroconsulting.com) to get the agenda for the meeting.

Sub-Committees for NALMS – We have committees for Local Arrangements, Program, Volunteers, Publicity, Fundraising, and Exhibitors. 2017 is just around the corner. It will be a busy year for the sub-committees to stay on track. Contact your committee chairs if you have not heard from them lately. Thank you to all that have signed up to help and for those that have been working hard on planning the best ever NALMS conference.

Upcoming Lake Activities – Many state parks around Colorado feature a lake or reservoir. Go visit your favorite park and enjoy the lake during the winter. Here are a few state park winter events coming up: First Day Hike at Barr Lake, Chatfield Reservoir, North Sterling, Highline Lake, and others (January 1st) and ice fishing at Stagecoach, Eleven Mile, and others. To find out more details, go to www.cpw.state.co.us and then click on the calendar word at the top of the page.

If you have anything that you would like to share with other CLRMA members, please send them to ColoradoLRMA@gmail.com. To learn more about CLRMA and what is going on, you can always go to www.clrma.org. The updated website is a great source of information. If you would like to see other lake/reservoir material up on the website or in the e-mail updates, please let CLRMA know.
